

Primary Argument In Favor Of Measure ___: Repealing Pinole City Council Term Limits

Vote "YES" on Measure ___ to ensure the best councilmembers will represent the city of Pinole and provide the best quality of life for residents. Repealing Pinole council term limits will have these benefits:

1. Keeping experienced, knowledgeable councilmembers at work on city budgets & projects.
2. Eliminating arbitrary turnover just because of a 3-term limit.
3. Allowing voters to always have the most choices to keep or change councilmembers.
4. Enhancing Pinole's ability to compete for regional funding opportunities or petition the state legislature if they threaten financial takeaways.

Keeping experienced councilmembers benefits Pinole by retaining the knowledge of past budgets, laws and projects when running the city. Wise decisions result in the best possible quality of life in Pinole.

Vote "YES" on Measure ___ to allow worthwhile councilmembers to continue serving our community. Our public services (Police, Fire, Parks and Streets) deserve diligent councilmembers that don't change just like "musical chairs."

Voters will have the most choices in Pinole elections by repealing term limits. Voters may continue to choose accomplished councilmembers or decide to choose another candidate after only one term. 30 years of Pinole elections have shown the power of the vote is greater than the power of incumbent councilmembers on multiple occasions.

Voting "YES" on Measure ___ will allow Pinole councilmembers to gain seniority and appointments to various regional commissions. This allows Pinole to compete more effectively for regional fundraising opportunities that reduce traffic, assist commuters (BART) and support the San Francisco Bay Trail.

Vote "YES" on Pinole Measure ___ to eliminate term limits and to allow voters the most choices at any election. Pinole voters should set term limits of their own choice. Remember to vote June 5, 2018!

The undersigned Proponent(s) or Author(s) hereby state that such argument is true and correct to the best of their knowledge and belief.
