

# Meadow Park Renovation

Project Leads: Marcus Tartt  
Developer: City of Pinole  
Architect: Singer Fukushima Landscape Architects  
General Contractor: TBD  
Total Project Budget: \$550,000  
Total Agency Budget: \$396,000  
FY 05-06 Budget: \$60,000  
Project Expenditures to Date: \$550,000  
Completion Date: Summer 2005

**Project Description:** Meadow Park is one of the oldest parks in Pinole. Residents of the Nob Hill area use the park frequently. Several years ago, the city conducted a study of all parks in the City of Pinole. Meadow Park was identified as a major priority as evidenced by antiquated play structures, buckling asphalt, improper drainage and lack of accessibility. A public workshop was held on July 18, 2001 and local residents participated in the renovation and redesign of the park.

New park features include: new drainage system & play structures, improved pedestrian walk-ways, new lawn area, re-paving of basketball court, access ramps, landscaping and a new retaining wall. The park is also designed to provide new bathroom accommodations to be constructed at a later time.

**Project Status:** The Meadow Park Grand Opening & Ribbon Cutting Ceremony was held on September 22, 2005. Residents throughout the community attended the event and were treated to cake, a magnificent view of San Pablo Bay and kids playing in the park.

**Next Steps:** *Staff will begin preparing a project close-out report.*
