

CONTRA COSTA COUNTY SUSTAINABILITY & PINOLE ENERGY ENHANCEMENT REBATE PROGRAM

April 16, 2024

Jody London, Sustainability Coordinator
Demian Hardman-Saldana, Principal Planner

CONTRA COSTA COUNTY & CLIMATE ACTION

Four Themes in the New General Plan

- Economic development
- Sustainability
- Environmental justice
- Community health

Join the list:

See the videos

Climate Action Plan

Draft Goals for 2024 update

- Clean and Efficient Built Environment
- Resilient Communities and Natural Infrastructure
- No-Waste Contra Costa
- Reduce Water Use and Increase Drought Resilience
- Clean Transportation Network
- Climate Equity
- Leadership

All-Electric Buildings

- Sustainability staff participated in 2021-2022 in nine-month Equitable Home Electrification Program
- Adopted All-Electric Buildings Ordinance for new construction in Jan 2022 effective June 2022. In February 2024, the County suspended its ordinance due to a ruling in Jan 2024 by the U.S. Court of Appeals
 - Invalidated the City of Berkeley ordinance that prohibited natural gas infrastructure in new buildings.
- Now developing an All-Electric Building Policy Roadmap for all buildings

Energy Efficiency Programs for Homes and Businesses

BayREN implements energy savings programs on a regional level in collaboration with the nine bay area counties.

- Department of Conservation and Development is lead for Contra Costa County
- Workforce development
- BayREN.org

[About](#)

Save on your next home energy improvement project.

The Pinole Energy Enhancement Rebate Program is offering additional rebates and no-cost measures for single-family homes, multifamily homes, and Contra Costa Weatherization Program eligible homes.

Learn more at contracosta.ca.gov/PinoleEnergyRebates.

PINOLE ENERGY ENHANCEMENT REBATE (PEER) PROGRAM

Pinole Energy Enhancement Rebate Program Overview

- Partnership between City of Pinole and Contra Costa County to run pilot program for energy efficiency home improvements
- Phase 1 of the Pilot Program: January 1, 2024 through June 30, 2024
- Leverage existing incentives for home energy efficiency and electrification projects
- Program Goal: Support City of Pinole's goals to optimize energy efficiency and explore funding sources and mechanisms for energy efficiency improvements for residences

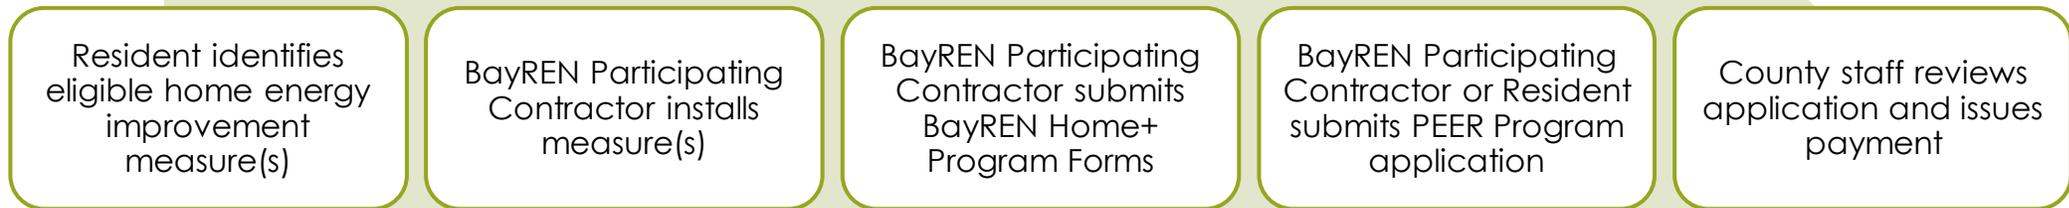

Single-Family Properties

Leverages rebates offered by the Bay Area Regional Energy Network (BayREN) Home+ Program

Measure	Current BayREN Home+ Program Incentive	Pinole Energy Enhancement Rebate Program Incentive	Maximum Amount Paid Out per Measure
Duct replacement	\$500	Up to \$2,200	Up to \$2,700
Attic insulation	\$0.75/square foot	Up to \$700	Up to \$1,700
Wall insulation	\$0.70/square foot	Up to \$600	Up to \$1,600
Central air conditioner	\$200	Up to \$4,200	Up to \$4,400
*Heat pump heating, ventilation, and air conditioner (HVAC)	\$400 for fuel substitution \$250 for electric to heat pump	Up to \$4,500	Up to \$4,900 for fuel substitution Up to \$4,750 for electric to heat pump
*Heat pump water heater	\$400 for fuel substitution \$250 for electric to heat pump	Up to \$4,000	Up to \$4,400 for fuel substitution UP to \$4,250 for electric to heat pump
Induction electric range or cooktop	\$250	Up to \$550	Up to \$800
Heat pump clothes dryer	\$250	Up to \$450	Up to \$700
Electric panel upgrade	N/A	Up to \$1,000	Up to \$1,000

Single-Family Property Participant Journey

Projects Requiring BayREN Participating Contractors

Projects Not Requiring BayREN Participating Contractor: Induction Cooktop/Range or Heat Pump Clothes Dryer Projects

Multifamily Properties

Leverages rebates offered by the Bay Area Regional Energy Network (BayREN) Bay Area Multifamily Building Enhancements (BAMBE) Program and the MCE Multifamily Energy Savings

Measure	BayREN BAMBE Program Incentive	Pinole Energy Enhancement Rebate Program Incentive	Maximum Amount Paid Out per Measure
Participation in BayREN BAMBE Program	\$500 per unit (+ Electrification and Geographic Adders)	\$250 per unit	\$750 per unit (+ Electrification and Geographic Adders based on eligibility)
Roof Repair/Replacement per Project	N/A	Up to \$5,000 per property	Up to \$5,000 per property
Electrical panel upgrade for energy efficiency upgrades, electric vehicle infrastructure, or fuel switching to all-electric	Subpanel Upgrade: \$1,000 per unit served Central/Common Area Panel Upgrade: \$5,000 per property	Up to \$3,000 per property	Up to \$1,000 per unit served + Up to \$8,000 per property

Multifamily Family Property Participant Journey

BayREN BAMBE Program: Non-Deed Restricted Property

MCE Multifamily Energy Savings Program: Deed Restricted Property

Low and/or Fixed-Income Properties

No-cost measures for

- Roof repairs and
- Electrical panel upgrades

Households must meet the participation requirements to receive Contra Costa County Weatherization Program services

Referral Pathway

County Weatherization Program Assessor identifies property as good candidate

County staff hires contractor to repair roof and/or modernize electrical panel

County staff covers the cost for roof repair and/or electrician

How to Get Started

Single Family Property
(1-4 Units)

Explore eligible home energy projects and find a BayREN Participating Contractor on BayREN Home+ Program webpage.

Non-Deed Restricted
Multifamily Property (5+
Units)

Fill out BayREN BAMBE Program Interest Form.

Deed Restricted
Multifamily Property (5+
Units)

Fill out MCE Multifamily Energy Savings Program Interest Form.

Low/Fixed Income
Property

Fill out application intake packet on the County Weatherization Program webpage.
