- **2020 CENSUS IS FAST APPROACHING: EVERYONE COUNTS!!!**

Information from the League of CA Cities:

Every 10 years, as mandated by the US constitution, the federal government undertakes a census of the population to determine the allocation of seats held by each state in the House of Representatives. The next federal census will begin on **April 1, 2020.**

In addition to determining federal representation, the census is used to distribute federal funding to states and local governments. In California, more than 70 federal programs that benefit our residents use census data and population counts as part of their funding formulas, including the Community Development Block Grant Program, as well as funding for roads, school programs and lunches, children's health insurance, Head Start and foster care.

The census data is also used to redraw federal and state legislative district boundaries.

For these reasons, a complete and accurate census count is essential to the well-being of our state and all Californians.

For more information and resources related to the 2020 Census, go to the League of California Cities website at: <https://www.cacities.org/Policy-Advocacy/Hot-Issues/2020-Census>.

Also, don't miss the presentation by County and US Census Bureau representatives at the **September 3rd City Council meeting on how the residents of Pinole can best prepare for Census efforts.**

- **GET INVOLVED! JOIN A CITY BOARD, COMMITTEE OR COMMISSION!**

The City is recruiting to fill vacancies on the following boards and commissions. If you are a citizen interested in community service in a variety of disciplines, there are several opportunities available. These vacancies will remain **open until filled:**

Traffic and Pedestrian Safety Committee (1 position)

The Pinole Traffic and Pedestrian Safety Committee is a five member panel who recommend or review action on traffic safety, traffic control and planning, speed limits, parking and other traffic related matters. The committee makes recommendations to the City Council; committee members service two-year terms.

Contra Costa Library Commission (1 position - 2-year term as Alternate Delegate):

The Contra Costa County Library Commission was established by the Contra Costa County Board of Supervisors in March 1991. The Commission was created (March 1991) to serve in

an advisory capacity to the Board of Supervisors and the County Librarian. The Library Commission is comprised of 24 members:

- 18 members representing the cities/towns in Contra Costa County - these Commissioners are appointed by the city/town councils (Richmond does not participate)
- 5 members represent Contra Costa County - each member of the Board of Supervisors appoints one Commissioner
- 1 member representing the Central Labor Council.

Currently the Commission meets every other month, on the fourth Thursday evening at 7:00 pm at the Library Administration in Martinez <http://guides.ccclib.org/Commission>.

Contra Costa County Advisory Council on Aging (1 position):

The Contra Costa County Advisory Council on Aging (ACOA) is appointed by the Board of Supervisors to advise them on all matters associated with the planning, development and administration of programs relating to older adults. The ACOA consists of forty (40) members. Fifty percent (50%) of the ACOA must be age 60 and above.

Currently the ACOA meets on the third Wednesday of each month, 9:30 a.m. – 11:30 a.m. at 500 Ellinwood Way, Pleasant Hill in Board Rooms A & B. Please submit your **Letter of Interest** and/or an application or additional information.

Applications for all Commissions and Committees, and supplemental questionnaires for certain positions, are available on the City's website at:

https://www.ci.pinole.ca.us/city_government/city_clerk/boards_and_commission

For more information, you are encouraged to contact the City Clerk's office at 510-724-8928 or email City Clerk Heather Iopu at hiopu@ci.pinole.ca.us. Candidates must be appointed by action of the City Council to all Commissions or Committees.

CENSUS 101: WHAT YOU NEED TO KNOW

The 2020 Census is closer than you think!
Here's a quick refresher of what it is and why it's essential that everyone is counted.

Everyone counts.

The census counts every person living in the U.S. once, only once, and in the right place.

It's in the constitution.

The U.S. Constitution mandates that everyone in the country be counted every 10 years. The first census was in 1790.

It's about fair representation.

Every 10 years, the results of the census are used to reapportion the House of Representatives, determining how many seats each state gets.

It's about \$675 billion.

The distribution of more than \$675 billion in federal funds, grants and support to states, counties and communities are based on census data.

That money is spent on schools, hospitals, roads, public works and other vital programs.

It's about redistricting.

After each decade's census, state officials redraw the boundaries of the congressional and state legislative districts in their states to account for population shifts.

Taking part is your civic duty.

Completing the census is mandatory: it's a way to participate in our democracy and say "I COUNT!"

Census data are being used all around you.

Residents use the census to support community initiatives involving legislation, quality-of-life and consumer advocacy.

Businesses use census data to decide where to build factories, offices and stores, which create jobs.

Local governments use the census for public safety and emergency preparedness.

Real estate developers use the census to build new homes and revitalize old neighborhoods.

Your privacy is protected.

It's against the law for the Census Bureau to publicly release your responses in any way that could identify you or your household.

By law, your responses cannot be used against you and can only be used to produce statistics.

2020 will be easier than ever.

In 2020, you will be able to respond to the census online.

You can help.

You are the expert—we need your ideas on the best way to make sure everyone in your community gets counted.
