The City of Pinole Strategic Plan 2020 – 2025 expresses the City’s vision, mission, goals, and strategies for the next five years. It was developed through an extensive research and engagement process led by Management Partners, described in detail below, that began in June 2019.

The vision, mission, goals, and strategies are based on the information and perspectives provided by Pinole’s community members, appointed officials, staff, and the City Council.

The vision is our aspiration for the future. The mission is the City organization’s statement of purpose. The goals are the main objectives that need to be achieved in order to obtain the vision. Each goal contains a list of specific strategies (deliverables). Following City Council approval of the Strategic Plan, staff will develop an implementation action plan to assign responsibility and timelines for completion of the strategies.

The City would like to thank all of the stakeholders that participated in the development of the Strategic Plan, and encourage everyone to remain engaged with the Strategic Plan by monitoring the City’s progress and celebrating the results we achieve and deliver together.

BENEFITS OF STRATEGIC PLANNING

The City of Pinole’s Strategic Plan contains a vision, mission, goals, and strategies. Strategic planning helps a community identify its highest priority interests, articulates a vision of the future, and clearly communicates the City’s direction amidst competing demands. Moreover, the plan provides a framework for reporting progress on how the City is achieving its vision through defined goals.

PLAN DESIGN APPROACH

Community Engagement

A public engagement plan was developed to gather input from a cross-section of elected and appointed officials along with community members. In each engagement event, participants were invited to share their aspirations for the community and insights about Pinole’s accomplishments, challenges, and opportunities. The public input opportunities that informed the Strategic Plan included the following:

- **City Council Workshop:** On June 27, 2019, the City Council and City Manager participated in a one-day workshop and identified key community priorities as well as their vision for the future.

- **Boards and Commissions Focus Group:** On August 26, 2019, 11 members, representing the City of Pinole Planning Commission, Community Services Commission, and Traffic and Pedestrian Safety Committee, shared their perspectives about strengths, challenges, and opportunities of the City.
• **Community Meetings:** Members of the community were invited to identify community strengths, challenges, and opportunities in four separate meetings. A total of 57 community members attended meetings held at four separate locations across the city and at four different times on September 25 and October 7, 2019.

• **Departmental Questionnaire and Meeting:** Each City department provided responses to a questionnaire that focused on identification of current City projects and future needs. The executive team met on October 30, 2019 to review the engagement results and discuss key community trends in preparation for the Council workshop in January 2020.

• **Strategic Plan Workshop:** The Council held a Strategic Plan workshop on January 25, 2019. The City Council reviewed a summary of all public engagement input and key community trends presented in an environmental scan. Following a review of the information, the Council developed the vision, mission, goals and strategies contained in this document.

**Community Engagement Themes**

Community members indicated that they value Pinole’s strong sense of community, good school system, ethic of citizen involvement, location, open space, and small-town feel. Community members also expressed interest in seeing improvements to the following:

- Consistent communication with community members,
- Community engagement opportunities,
- Emergency preparedness,
- Fiscal stewardship and sustainability,
- Long range capital planning and maintenance of current assets,
- Neighborhood beautification efforts,
- Economic development and downtown redevelopment,
- Regional and legislative partnerships, and
- Employee attraction, retention, and development.

**Environmental Scan**

The Strategic Plan was also informed by an environmental scan. The scan included a summary of Pinole’s demographic and community trends. The scan also provided an overview of recent patterns in housing, public safety, development, transportation, and traffic congestion. The scan included information about the City’s current and future financial forecasts. The impacts of climate change were also discussed along with a review of overall community resilience.
Vision

The vision statement is an aspiration for the future.

It is a statement of where the community is going.

“Pinole is a safe, vibrant, and innovative community with small town charm and a high quality of life.”
Mission

A mission is a statement of the purpose of the organization. It fundamentally defines what the organization stands for and what it will do.

“Pinole will be efficient, ethical, and effective in delivering quality services with community involvement and fiscal stewardship.”
Pinole’s Goals

The Strategic Plan contains four goals. The goals, along with their definition statement, are listed below.
